Gene,  
I thought you might find this interesting. Walt W.

Bedford Watch: Update on Whitman Property, etc.

<http://www.bedfordwatch.com/>

Our proposal to change the ordinance to limit building size has supposedly been sent to Planning. So we are waiting and watching for it to be on their agenda. This ordinance needs to be adopted. It really isn't anything new, but is what our ordinance was before the BICA group got involved and LaMar Frederick changed it. We also need to keep reminding the Board that the lawsuit needs to go to court and not be settled by consent judgement and give Whitman whatever he wants.

The article in the Bedford Now was very *negative* and I feel we addressed that at the board meeting last week.
